

SIAMESE AND ALL BREED CAT CLUB OF IRELAND - 20.10.13

Mrs Sally Tokens

My sincere thanks to Ronnie and her team for their kind invitation and excellent hospitality. The gift was so special and will be treasured. My steward was Margaret Baker and Aoifa a Veterinary student. It was a great delight to work with both ladies.

AV SLH GRAND CHAMPION; HIB GR CC; Archer INT GR CH ISHCUS MELISA tortie classic tabby and white maine coon. Fabulous bone and weight. Rectangular body shape. Large ears which are set quite high with a good width apart and long tufts. Super cheeks with high set cheek bones. Slight concave curve at the nasal bridge. Square muzzle. Level bite. Slight concave curve at the nasal bridge. Touch more breadth to the chin. White to the paws, chest and tummy. A full coat with lovely black and red and tabby markings evident. Soft top coat and a good undercoat. Ruff to frame the face and breeches. Tail well covered and reaching the shoulders.

AV SLH GRAND PREMIER; HIB GR PC; Noonan GR PR POPPYLOVE GASPY MENELIK seal mitted ragdoll just over three years old. Very strong and well developed. Medium sized ears which slightly tilt forward. Flat plane. Cheeks have a nice width and the muzzle is well rounded. Level bite. Eyes with a slightly oblique shape and nice blue colour. White mittens and back legs. White to the chin. Level bite. A very soft coat which was well groomed with a small amount of undercoat. Tail balances with the body and is well furnished. Nice seal to the coat with the body coat a little lighter in colour.

HIB RES GR PC; Frizelle INT CH & GR PR ISHCUS ADAM red classic tabby and white maine coon of four years old. A huge lad with wonderful strong bone. Ears are set quite high with a good width apart and tufts but he tends to hold them down. Nice width to the cheeks. Green colouring to the eyes which have a slightly oblique aperture and set. Slight concave curve to the nasal bridge. Level bite with lots of teeth missing. Square muzzle and a good breadth and depth to the chin. White to the paws, chest and tummy. Very good pattern with a well marked butterfly to the shoulders, oysters to the flanks. M on the forehead. Ruff to frame the face. Rich red markings on a good red ground colour. Wonderful temperament he just laid on the table. Tail full and flowing and in proportion to the body length.

BI COLOURED ADULT; 1 CC & BOB; Molloy CELOSIA ARTHUR cream and white just a year old. Very good bone and nice weight. Small ears which are well set. Rounded skull. Cheeks are full and round. Short broad nose with a good stop and good size leather and nostrils with the nose leather just large enough. Medium orange eye colour to well shaped eyes. Colour and white to the face and all the limbs. Two or three patches of colour to his back. Just lacking in undercoat at present. Soft texture. Pale cream set off by clean white. Sparsely covered tail which is short in length.

TABBY/SMOKE/CAMEO & WHITE ADULT; 1 CC & BOB; Rima SOUTHKITTY CRYSTAL GAZER brown tabby and white of two years old. Showing quite strong well balanced type. Nicely boned with good weight. Ears are small and well placed. Skull nicely formed. Cheeks showing width and the eyes are bold with a medium orange colouring. Short snub nose and a nice stop. Acceptable bite. Coat is quite sparse today and lacking in undercoat. Fairly soft

texture. White to the paws, chest and tummy with a white chevron to the face. Tabby pattern can just be seen to the coloured areas. Tail lightly furnished and balances.

BI COLOURED NEUTER; 1 PC & BOB; Harte KARALO GEOFFREY SANTA CRUZ red and white coming up to eighteen months old. Quite a wriggler! Strong bone and good substance. Small and well positioned ears. Skull is nicely formed. Full and round cheeks. Short snub nose with a strong break and the nose leather is just large enough. Level bite. Good copper colour to well shaped eyes. Colour to the back legs with the front's white. White to the cheeks and forehead. Rich red patches with two or three to his back. Just lacking in undercoat today. Tail sparse and short in length.

BLUE POINT BIRMAN ADULT; 1 CC & BOB; Tanner-Mason CARRICKFERN JIGOLO nearly three and a half years old with very good bone and weight. Well positioned ears which are medium in size. Lovely width to the cheeks. Slight dip in profile. Almost round eyes of a good blue colour. Level bite. Muzzle is well formed. Gloves are level, socks equal, gauntlets equal in length and breadth. Some shading to the top coat with a limited amount of undercoat. Soft in texture and well groomed. Tail is a touch short and very lightly covered. All the points are evenly matched with the depth of blue colouring.

CHOCOLATE AND LILAC BIRMAN POINT ADULT; 1 CC & BOB; Tanner-Mason RANECHI TAUFEEQ chocolate lad of four years old, a very nervous lad. Excellent strong bone and substance. Medium sized ears which are well positioned. Cheeks are nice and full and the muzzle has just a very small pinch. Level bite. Eyes are almost round and showing a medium blue colour. Slight dip to the profile. Coat has a limited amount of undercoat and is clear and soft in texture. Tail not quite reaching the shoulders and is lightly covered. Gloves symmetrically marked. Socks equal, gauntlets level in breadth and length. Milk chocolate to the points.

BROWN OR BLUE TABBY MAINE COON ADULT MALE; 1 CC & BOB; Bradley & Smith KATEZ BLAMEITON THE BOOM BOOM brown classic tabby lad not yet a year old and very well grown for his age. Rectangular body shape and good weight. Well set ears which are large in size and with tufts. High set cheek bones with the cheeks fairly full. Eyes are green in colour and with a slightly oblique aperture and set. Slight concave curve at the nasal bridge. Square muzzle. Level bite. Coat has a soft top coat and some undercoat present. Very nicely prepared and the classic pattern is evident. Lovely black markings to the butterfly on the shoulders and oysters on the flanks. Nice m to the forehead and lines across the cheeks. Tail is very well furnished and in proportion to the body length.

AC SILVER TABBY MAINE COON ADULT; 1 CC & BOB; Archeer RACOONES RESORT PORTHOS red silver tabby and white coming up to a year old. Strong bone for his age with good weight. Tufts to large ears which are set quite high with a good width apart. Cheeks fairly full and high set cheek bones. Square muzzle. Touch more breadth to the chin for balance. Profile has a slight concave curve at the nasal bridge. Excellent coat texture with varying lengths, soft to touch and very nicely prepared. White to the chest, tummy and paws. Silver can be seen. Tail with profuse and flowing fur and a super length. A lovely youngster.

AOC MAINE COON ADULT; BOB; Archer INT GR CH ISHCUS MELISA tortie classic tabby and white.

SILVER SERIES MAINE COON KITTEN; 1 & BOB; Dixon SUGARISLANDS THE ROCK blue silver classic tabby and white still very young but with wonderful strong bone, huge large feet which I am sure he will grow into. Well set ears which are large in size with small tufts. Cheeks are fairly full and having high set cheek bones. Green colouring to the eyes which have a slightly oblique aperture and set. Slight concave curve at the nasal bridge. Square muzzle and just a touch more breadth to the chin for balance. Coat fairly soft but probably going through the change of coat and a small amount of undercoat. Tail reaching to the shoulders and is well furnished. White to the paws, chest and tummy. Tabby markings to his back are a little diffused. Well marked m to the forehead and tabby markings to the legs.

BROWN OR BLUE TABBY MAINE COON KITTEN FEMALE; 1 & BOB; Archer ISHCUS DRAGON QUEEN brown classic tabby and white of seven months old with white to the paws, on the chest and also the tummy. Pristine white which is set off by a well patterned coat of good black and a warm ground colour. Butterfly can be seen and so can parts of the oysters on the flanks. Tail in proportion to the body length and lightly furnished. Well grown with lovely bone structure and weight. Ears are large and well placed with small tufts. Cheeks having high set cheek bones and fairly full. Green colour to well shaped eyes. Slight concave curve at the nasal bridge. Square muzzle and just a touch more breadth to the chin to finish off.

AOC MAINE COON KITTEN MALE; 1 Harte COLINSGARDEN ORLANDO orange eyed white lad of six months old. A lovely temperament and a pleasure to handle. Well boned with good weight. Ears are well placed and large in size with small tufts. Cheeks are fairly full and high set cheek bones. Slightly concave curve to the profile. Level bite. Well shaped eyes which are quite a pale orange colour. Nice breadth and depth to the chin. A very well groomed coat which is clean and white and free from any shading. Varying lengths to the coat. A limited amount of undercoat. Tail balances with the body and is well furnished. Well done on keeping the white, white.

AOC MAINE COON KITTEN FEMALE; 1 & BOB; Dixon GINA OF BUBU-COONS tortie and white of just six months old. Lovely bone structure and good weight. Large ears set quite high with a good width apart. I would prefer a little more width to the cheeks, but she has high set cheek bones. Eyes having a slightly oblique aperture and set and green colouring. A shallow concave curve at the nasal bridge. Square muzzle. A touch more breadth to the chin for balance. Level bite. A lovely length to the tail which reaches the shoulders and is nicely furnished. Vibrant patches of rich red and jet black to form the tortie pattern. White to the paws, chest and under parts. Very well groomed coat.

NORWEGIAN FOREST KITTEN MALE; 1 & BOB; McClurg NOYNAROCK WHITE HAWK orange eyed white lad of seven months old. Good bone and medium in size. Tail reaching to the shoulders and lightly furnished. A reasonable triangular head shape which is not yet equilateral. Good size to the ears which he tends to hold down with tiny tufts. Oval shaped eyes which are pale in colour. Straight profile and a level bite. Chin falls away. The head

balance is developing. Coat not yet coarse in texture with the woolly undercoat yet to come through. Shirt front starting to develop. Very well prepared being pristine white and free from any staining.

NORWEGIAN FOREST KITTEN FEMALE; 1 Lenihan COOMAKISTA EVELINE tortie tabby of six months old. A friendly female with nice bone and standing taller on the back legs. Tail just about reaching to the shoulders and is quite bushy. Triangular head shape not yet equilateral with good size ears set high and wide at the base with small tufts. Large and well opened eyes which are oval in shape. Straight profile just in need of a little more length. Level bite. Reasonable chin. The head is still developing. Semi long haired coat which is lacking in undercoat at the moment. Very well groomed and with excellent colours to the coat, red and black. Tabby markings can be seen. A friendly female.

CHOCOLATE AND LILAC BIRMAN NEUTER; 1 PC & BOB; Kierans CARRICKFERN INSIGNIA lilac lad of nearly four and a half years old. Very good bone structure and substance. Strong blue colour to almost round eyes. Well placed ears which are medium in size. Cheeks have a good width and the muzzle is well formed. Slight dip to the nose to form the profile. Level bite. Gloves scalloped. Socks well matched. Gauntlets broad and even in length. Clear body coat which was full with a nice amount of undercoat. Tail is lightly covered and a little short in length. All the points of a pinkish lilac grey and fairly well matched.

AC COLOURPOINTED OR MITTED RAGDOL NEUTER; 1 PC; Foldes SHARALO ALASTAIR seal mitted of just over a year old and a strapping lad with excellent strong bone and very good weight. Ears slightly tilt forward and are an adequate size. Flat plane to the top of the head. Cheeks are full and the muzzle is well shaped. Blue colouring to the eyes of a slightly oblique shape. Gentle dip in the profile. Level bite. Coat is full and well groomed. White to the chin, mittens and back legs. Tail reaches to the shoulders and is nicely covered. Looking very good for still being rather young.

2 Slater COLINSGARDEN VIVALDI tabby colourpoint of eighteen months old. Lovely temperament and easy to handle. Well shaped ears which slightly tilt forward and are well placed. Eyes have a slightly oblique shape and medium blue colour. Profile with a gentle dip. Level bite. A small pinch in the muzzle today. Flat plane. Cheeks are nice and full. Some shading to the body coat which is quite full and nicely groomed with a soft silken texture. Strong tabby markings with a well marked m to the forehead and lines across the cheeks. Markings on the legs. Tail just reaches to the shoulders and is nicely furnished.

3 Noonan POPPYLOVE ENCHANTED MOSES tabby colourpoint of just over three years old and not too happy today, managed to have him out of the pen just long enough to assess. Well boned with good substance. Nicely positioned ears which are medium in size and slightly tilt forward. Top of the head has a flat plane. Cheeks are quite full and I would like a little more fullness to the muzzle. Very good blue colouring to well shaped eyes. Profile with a slight dip. Level bite. Coat has a small amount of shading but is lovely and soft in texture and very well prepared. Tail just reaches to the shoulders and is lightly covered with the odd tabby marking. Nice facial markings.

BOB; Noonan GR PR POPPYLOVE GASPY MENELIK seal mitted.]

NORWEGIAN FOREST NEUTER; 1 PC & BOB; McClurg COOMAKISTA SNOOKS MCCLURG blue tabby and white of just over a year old. Fabulous bone structure and weight. Super Norwegian stance. Tail is long and quite bushy. A good triangular head shape which is equilateral. Ears are set high and wide at the base, large in size with tufts. Oval shape to the eyes which are green in colour. A long straight profile which is of an equilateral triangular shape. Level bite. Excellent balance to the head. Lovely temperament. Coarse texture to the coat with some woolly undercoat. Shirt front and knickerbockers. Very nicely prepared. White to the muzzle, chest and feet. Good tabby markings. Lovely lad.
