

# Show report for the Siamese and all breed cat club & GCCFI SUPPORT SHOW DUBLIN by

Jan Bradley

Many thanks to Ronnie Brooks and the club for my invitation to judge and the most generous hospitality they showed for my weekend in Ireland, also to Claudia Wagner for her stewarding skill on the day, much appreciated.

British Hibernian grand champion male.

1HGC DEALEY SUP INT GRCH ALIMURS BOOMER Lovely mature chap of over 5 years, reaching his full potential with age, wonderful full broad rounded head, short nose with gentle profile, level bite and firm chin, medium ears nicely placed into the contour of his head with good width between emphasise the overall rounded balance to head, round gold eyes giving nice expression, huge muscular body, deep chest, lovely stature to his stocky legs and rounded paws, short dense fairly crisp coat, wonderful shade of frost pink lilac sound to roots, tail just a tad short to balance the body and a little darker, super temperament, HE WAS ALSO BOB LILAC, BEST IN SHOW BRITISH AND RUNNER UP OVERALL BIS, CONGRATULATIONS

BRITISH ADULT LILAC FEMALE

1CC KISIELIENE JOSEPHINE PERLA POLUDNIA attractive balanced girl for her 2.5 years for head rounding and width, short nose level bite and fair chin, round gold, eyes, giving nice expression, ears were rather her downfall unbalanced head open at base and not blending into head shape, compact body not over large but balanced with stocky legs and rounded paws, short dense coat of a nice texture, darker shade of lilac paling to roots, tail of good length balanced, but a darker shade, handled well.  
2 KEHOE IRENOVBR LUNA younger girl just 1 year 7 months, lacking in overall development at present, head showing nice width but needing to be rounder, fair, profile, level bite but chin shallow, ears large and open, all age issues at the moment. nice rounding to gold eyes, body taking shape well, of strong bone to legs and paws, coat flat lacking in density but short good pink frosting to lilac colour but paling to roots, tail darker but of good balance handled well.

British Blue adult male

1CC & BOB KISIELIENE JUST ENJOY NAVAHO Lovely balanced chap for his one year 11 months, good rounding and width to head, short nose level bite and fair chin, expressive deep copper eyes very nice, ears nicely positioned on his head with broad width between, good coby body with broad chest, short stocky legs and rounded paws, super coat crisp short of good density, medium blue colouring slightly silvered and with minimal paling, tail in good balance handled well.

1. KEHOE ELON VON SHMIDT Young boy 1 year 8 months, showing good maturity, with nice rounding and width to head, cheeks developing behind muzzle rather than blending into overall rounding of head, short nose level bite and firm chin, attractive round gold eyes medium ears fitting into

contour of head with good width between just marginally open at base, body fairly compact with broad chest and stocky legs and paws, short dense fairly crisp coat, of medium blue quite silvered and banded in colour, tail darker but balanced, handled well.

British blue adult female.

1CC KISIELIENE TOFIFI GERULIS 2.5 year old attractive girl, quite balanced in head rounding and width, nice profile to her short nose, level bite and firm chin, eyes showing nice expression attractive gold colouring, medium ears fitting into contour of her head with nice width between, lovely compact body stocky legs and rounded paws, coat a steely dark blue, slightly paling, short and crisp of good density, tail in good balance with body, handled nicely.

2.MAKULA SK IRESYMBR EVELYN youngster just 10 months, showing her immaturity In head needing more rounding, and general balance whereby ears set high on head with narrow width between and open at base, short nose level bite, very pale round lemon eyes, body starting to take shape needing time to gain coby shape, coat, short of mid blue colour slightly paling with fairly crisp texture and density, tail in good balance to body, nice natured girl.

British cream adult male.

1CC & BOB HILL PAWSOME DESERT EAGLE what a super chap for his 15 months, great balance to his head in rounding and width, short nose, level bite and firm chin, great expressive round gold eyes, good top of head with neat ears fitting into contour of his head, balanced mature body, good broad chest, stocky legs and rounded paws, short crisp coat, of lovely density with a nice spring to it, complemented by warm sound cream, tail of good length in balance with body handled nicely.

1. KISIELIENE AMBERKISS WILLOW-MILO Similar age to winner, showing nice rounding and width to head development, short nose bite level and fair chin, round copper eyes nice expression, ear unbalanced head as open at the base, not blending in with the overall rounding, fair body taking shape needing to be more coby but showing potential at this age, in good boned legs and paws, coat short a little course in texture particularly along spine line where by lacking in density too, Sandy shade of Cream paling to roots, tail of good length in balance width body, handled well.

British Bluecream adult

1CC & BOB KISIELIENE AMBERKISS OLIALIA nice mature girl for just over 2 years, nice balanced to head in her rounding and width, attractive profile , level bite, round gold eyes, medium ears nicely placed with good width between, compact coby body, nice weight for this time of year, coat short crisp a little more density would be nice to be picky, attractive mid blue with nice mingling of warm cream throughout, one side of face heavier mingled and extends under chin to chest, all feet broken with colour, tail in balance with body, nicely mannered girl.

2 HILL ASTRALCHARM CRAZY-IN-LOVE youngster 1 year and 3 months, maturing nice in head shape, short nose bite level, firm chin , attractive gold eyes, ears again need to fit into head better open at base unbalanced overall look, great body for her age coby with stocky legs and rounded paws, coat short but soft, of nice density, mid

blue colour but sparse mingling of warm cream, solid back feet, tail of good length in balance with body, sweet natured girl.

British AOC Spotted adult

1CC& BOB SALKAUSKAITE/REYNOLDS IREOCTBR MEGAMI IZANAMI BOO mature girl of over 5 years showing great balance in her confirmation to head, nice gentle profile with level bite and firm chin, round eyes, but very pale lemon/ green gave her the benefit of the doubt with her eyes, nice ear set with good top of head, great coby body with stocky legs and rounded paws, super short dense crisp coat of mid blue colour, spotting quite linked in placed across flanks, nicely complemented by rosy mushroom warm undercoat, tail in good balance with body, nicely mannered girl.

British bi-colour adult

1CC & BOB COSMA IRESYMBR DONNA Lilac and white girl 15 months, loved her head shape and balance nice expression to her rounded gold eyes, short nose level bite and firm chin, good ears set fitting into contour of her head, with broad top of head, good balance to her coby body with nice stocky leg and paws, super coat short dense crisp, nice spring to it, also nice to see the Frosty pink lilac tone to her colour, colour over head, body, tail just about a third white , inverted v on face almost a full collar , legs tummy, tail of good length, sweet temperament

British Colourpointed adult male.

1CC W/ H DAGGER DIXYLAN NEO THE ONE youngster just 18 months, nice rounded and width to head strong profile with bite unfortunately undershot hence cc withheld, round deep blue eyes nice expression, medium ears open at base, with fair top of head, large framed body needs to fill frame, good boned legs and paws, short but soft woolly coat but of good density, clear magnolia body colouring, with pale lilac points starting to fill on legs and tail better on mask and ears, just needing more time, tail of good balance to body handled well.

British Colourpointed adult female

1CC & BOB-RICHARDSON SANDYLANE MATILDA attractive girl another lilac pointed, same age as boy, showing nice balance to her rounded head, attractive profile, bite level, firm chin, round vey nice blue eyes, ears nicely placed with broad top of head, body rather long at present needs to fill frame but again showing good bone structure to her legs and rounded paws, short very nice crisp coat of good density, attractive clear magnolia body colour, points a very blue shade of lilac (pink pads)well filled on legs, mask, ears and tail, which was in balance to body, nicely mannered girl.

British black kitten

1 & BOB KIRNAJA FURRYBLISSLOVE PANTHER ALFIE lovely well grown chap for his 5 months nicely rounded and broad head with short nose, level bite and firm chin, medium ears nicely placed with good width between, round gold eyes just with slight green rim at present, great body, coby and with strong boned legs and paws, fairly short coat but of good density and texture, lovely sound jet black, tail of good length balanced with body, sweet natured kitten.

British lilac kitten male.

1. KEHOR OSCAR SAMANTE-BOHEMIA 6 month old boy, showing nice width to head just rather square in the muzzle lacking in muzzle blending into overall rounding of head, rather a straight profile would like to see a little more definition, level bite, firm chin, round gold eyes, medium ears nicely placed with broad top of head, nice coby body developing for his age with stocky legs and rounded paws, great bone and confirmation, coat rather open lacking in density, but short, sound attractive frosty lilac colouring, tail in good balance with body, handled nicely.

British lilac kitten female

1. BOB HILL ASTRALCHARM PLATINUM PASSION attractive girl 5 months, great balance to her head, with attractive profile, level bite and firm chin, round attractive gold eyes nice expression, ears nicely placed fitting into contour of head, with good width between, super body coby with stocky legs and rounded paws, wonderful coat for her age short crisp, of good density, nice spring to it, a darker shade of lilac but sound, slightly lighter on head and legs, tail again darker but in good balance with body, lovely girl sweet nature.

British blue kitten female

1. BOB KISIELIENE POLLY OF HARMONY GARDENS attractive and balanced girl just 5 months, very nice width and rounding to head, rather a strong profile but bite level and firm chin, ears nicely placed fitting in to the contour of head with good width between, round gold eyes, nice expression when she opens them fully, super coby body for her age with stocky legs and rounded paws, dense, short, crisp and springy coat of mid blue but slivered , tail in good balance with body, handled nicely.

British shorthair black /chocolate/cinnamon TORTIE

1 & BOB STEELE LUXDON MARVEL chocolate tortie such a attractive kitten just 4 months loved her rounding and broad head, sweet expression with gold rounded eyes, gentle profile level bite and firm chin, medium ears nicely placed with good width between, super coby body with stocky legs and rounded paws, short dense coat of a fair texture, showing rich chocolate colouring with lovely mingling of rich and warm red throughout, tail in good balance with body, sweet attractive kitten loved her.

British golden tipped kitten

1 BOB W/H KIRNAJA FURRYBLISSLOVE BOURJOIS attractive boy showing nice width to head with rounding coming, short nose quite a pronounced profile and bite unfortunately undershot, firm chin, round pale green eyes, medium ears nicely placed fitting into contour of head, lovely coby body of good weight, stocky legs and paws, black pads, coat short, dense of a nice crisp texture, showing lovely even black tipping throughout coat with contrast golden undercoat, tail in good balance with body, sweet natured kitten.

British Longhaired kitten male.

1 & BOB PAULAUSKIENE JUDITA'S BRITISH APOLLO nicely balanced golden Longhaired boy of 5 months, showing good rounding and width to head with gentle profile level bite and firm chin, expressive round green eyes, medium ears nicely placed with good width between, cobby balanced body nice stocky legs and rounded paws, super flowing dense coat, with a slight resistance in texture, even black tipping throughout complemented by golden undercoat, plummy tail in good balance with body, sweet chap to handle.

2 KIRNAJA FURRYBLISSLOVE PUFY MARS blue longhaired boy of similar age to winner, maturing well, with nice rounding and width to head, rather a heavy brow for balance, which was my only criticism for award, between first and second short nose level bite hand firm chin round gold eyes slight greening to centre, great structure to his cobby body firm and of good bone, stocky legs and rounded paws, sound mid blue flowing coat, of good length and density, you can feel the resistance in the texture, tail in good balance well mannered kitten.

British longhair kitten female

1. PAULAUSKIENE JUDITA'S BRITISH AGATA Very feminine golden longhair girl 5 months, nicely rounded broad head, nice profile, level bite and firm chin, round green eyes nice expression, medium ears complete with tufts, nicely placed with broad top of head, small framed girl but balanced in build, soft flowing coat, very dense, sparse black tipping with attractive rich golden ground colour, plummy tail in good balance with body, sweet natured girl.

British longhair neuter

1PC & BOB KIELY/WALSH IRENOVBR GUFFY mature chocolate chap for his 19 months, good balance to his head in rounding and width, short nose level bite and firm chin, round very pale lemon eyes shade colour not stronger, medium ears nicely placed with broad top of head, great bone to his cobby body with stocky legs and rounded paws, coat was rather sparse in length and density would like more of both, but a lovely rich chocolate colouring, tail was of good length and plummy, rather a stropy chap being handled.
