

## **REPORT FROM CAROLINE WREN**

### **SIAMESE & ALL BREED CAT CLUB – 30.11.2022**

**As the Show team were having difficulty getting a judge to cover the Exotic section at this show I was asked to help out and just judge that section before putting on my Results table hat!! Luckily I was not overstretched with cats to look at!!**

### **EXOTIC SH TABBY OR TABBY AND WHITE ADULT MALE**

**Only entered for BOB but not awarded to HARTE'S GR CH AND INT CH MOLLYCODDLE HEARTBREAKER – 02.08.15. Brown tabby & white. I have judged this boy before and today he showed better preparation but he could still do with more! He has nice head type, big round orange eyes and a good muzzle. His body is that of a working stud and could be broader and deeper. Hopefully like a lot of stud boys he will fill out more during the winter months when the girls are not so much on his mind!!**

### **EXOTIC SH TABBY OR TABBY AND WHITE ADULT FEMALE**

- 1. CC & BOB. Very nice head type, smooth rounded skull with neat well set ears. Big round eyes of bright orange, spaced well apart. Short nose with a full leather, well filled cheeks and a firm muzzle with a good chin. Cobby body of a good weight with thick tail. Well boned legs. I judged her a few weeks ago and since then her winter coat has come in. It is short and dense with a lovely soft feel to it. She has white on her face, chest, back and tummy with dense black and deep red patches which show clear tabby markings and clear silver undercoat. Very good temperament.**
