**Siamese and All Breeds Cat Club of Ireland**  
**Sunday 3<sup>rd</sup> May 2026**

It has been a great pleasure to judge again at the 2026 Dublin Championship Cat show. I want to thank the show managers Ms Carmel Byrne and Mrs Gloria Hehir for this wonderful day. As always, it was lovely to see June Ferguson again, and it was a delight to have Lynne Fleming as my steward. The crown on her day was her adorable Bengal kitten becoming BIS. Finally, I want to thank both my colleague judges for their lovely companionship and the exhibitors for showing their beautiful cats.

**Section 2 Hibernian Grand Champion Male**

1 HGC: Mr C J S Shackleton, GrCh&Int Ch ISHCUS NIGEL (MCO n 22)

M10.08.2022. Good large and long body. Good long tail. Ex type of head with a lovely profile, ex box, ex large & high set ears and stunning large eyes. Lovely coat texture, but the coat is quite short now and quite dark on the back, thereby partly masking the blotched markings. Overall, a beautiful MCO.

RES HGC: Dr C M Wagner, Sup GrCh&Int Ch FRIENDLYGHOST FALKOR (MCO a)

M 23.05.2023. Very nice large and long body & long tail. Head is well-typed but a little narrow for an adult male. Eyes too small and a bit deep set. Ex large & high set ears, ex box, good profile, only a small bump on the nose. Ex coat texture, colour and grooming.

**Section 2 Hibernian Grand Champion Female**

1 HGC: Dr C M Wagner, Int GrCh FRIENDLYGHOST CHAIYYA CHAIYYA (MCO g

22) F 22.05.2022. Normal body size. Nice long body and tail. Very nice type of head with an excellent box and profile. Ears nice large but dropping a little. Lovely large eyes. Ex coat texture and length. Ex blotched markings for a blue tabby. Needs more tortie patches.

**Section 2 Hibernian Grand Premier**

1 HGP: Mr C J S Shackleton, GrPr&Int Pr ISHCUS ROGER, (MCO n 22) MN

08.02.2023. This neuter male MCO has ex breed features. Ex type of head with an excellent box, ex broad nose, good profile, ex large & high set ears. Lovely,

large and good oval eyes. Coat colour too dark on the back but otherwise nice, blotched markings. Good long and full tail.

### **Section 6 Hibernian Grand Champion**

1 HGC: Ms I Smidta, Int GrCh SHAGIO-CHEN KESAR MANGO (OSH o) M  
04.08.2023. A splendid male with lovely oriental features. His beautiful, well slanted, green eyes mesmerized me, but his large ears were at first too low set because of his rather timid disposition. However, when more relaxed his ears were held in line with the outer edges of the wedge. Nice profile as well. Ex short and cinnamon coat. Well tapering tail. I like him. Very special facial expression.

Timid

Relaxed

### **Grand 2C Champion Male**

1 GC: Dr C M Wagner, Int Ch VERDI OF MASSLCATS (MCO ns 03 22) M  
07.04.2024. Good colour distribution and good silver tabby blotched markings, even on the back. Good long body and tail. Good long and well-groomed coat. Lovely type of head with all required breed features and good large, oval eyes. Needs time to develop fully.

### **Grand 2C Champion Female**

1 GC: Mr Z Pavlovic, Int Ch HUNTER'S ENIGMA PANDORA (MCO n 03 22) F  
01.05.2020. A cat causing doubts, because she has been well-groomed except for the part under her chin. Small accident during travelling to the show hall? Nice coat length and colour distribution. Normal body size. Good tail length. Beautiful type of head: nice box, lovely profile, strong chin, and good large, well-tufted ears. Lovely wild look. A title in the benefit of the doubt.

### **Grand 2C Premier**

1 GP: Mrs J Frizelle, Pr FRIENDLYGHOST CASSINI (MCO d 03) MN 22.05.2022.  
This red and white bicolour MCO has a good colour distribution and a nice coat length and coat texture. Furthermore, a long body and long tail. Nice type of

head, only a small bump on the nose. Good large ears but slightly dropping. Nice box. I like to see the eyes wider opened.

RES GP: Mr A Mccarthy, Pr FRIENDLYGHOST ELDRITCH (MCO ds 22) MN 25.11.2022. This red silver classic tabby is lacking markings. They are blurred because of the lovely long coat. Not a serious point, because coat colour is not very important in MCOs. However, more serious is the lack of grooming which spoils the total picture of the cat. What a shame, because this cat is large and has lovely breed features, particularly strong boning and a beautiful type of head. It is all there.

### **AC Bi-Colour or Mitted Ragdoll Adult**

1 C and BOB: Mr J Lin, BRIZO ELIYAH, (RAG n 04 21) F 20.06.2025. A seal tabby point mitted Ragdoll with a lovely long, silky and well-groomed coat. Ex contrast between body and points. Nice mitted colour distribution. The white chin is difficult to assess but given the white parts below the nose it should be white. Good body size and tail length. Lovely broad, well-rounded wedge. Very nice profile. Good medium sized ears, set wide apart. Ex large, China blue eyes. Very pretty face.

### **Maine Coon Brown / Blue Tabby / Tabby & White Adult Male and Adult Female Only for BOB**

BOB: Dr M S B Steiner-Browne, Tara HibGrCh FRIENDLYGHOSTS BIG BEAR, (MCO n 22) M 19.05.2022. Though only for BOB this male deserves some extra attention. Very large body as a MCO should be. Beautiful coat and quite good markings. Ex type of head: ex box, ex profile and ex ears. Very masculine with a lovely "wild look", though in fact he has a very friendly nature.

Mr C J S Shackleton, GrCh&Int Ch ISHCUS NIGEL, (MCO n 22) M 10.08.2022.

Mr Z Pavlovic, Int Ch HUNTER'S ENIGMA PANDORA (MCO n 03 22) F 01.05.2020.

profile and good large ears. Nice, large and oval eyes. The coat texture and length are fine, but the tabby markings on the body are blurred.

1 P & BOB: Mr C J S Shackleton, ISHCUS GORDON, (MCO ns 03 22) MN 18.01.2025. A silver & white Bicolour Classic Tabby with strong boning and long tail. Good colour distribution and a lovely coat texture (more important than colour). Well-typed head: ex box, small bump on nose. Normal ear setting. Good, large and oval eyes, Very good breed features but needs time to develop.

RES: Ms C O Dowd, BLACKJAGUAR COCO, (MCO ds 22) FN 05.01.2025. This Red Silver Classic Tabby has a silver undercoat, but the tabby pattern is blurred and incomplete. Looks like a cameo lacking a regular tipping. However, a very nice coat texture and very good grooming. Ex long bushy tail. Lovely type of head. Nice box, good profile, normal ear size and setting. Eyes could be more open. Sweet.

### **Maine Coon Red Tabby Series Neuter**
